ABOUT OUR COMPANY

Crafting quality furniture since 2014.

Solution House and Office Furniture PLC is an Ethiopian furniture manufacturing and interior design company, founded in Adama in 2014.

What began as a small workshop with a clear vision, to provide quality furniture and interior solutions, has grown steadily through dedication, hard work, innovation and a strong commitment to customer satisfaction.

In 2018 the business reached an important milestone, formally establishing its operations as Solution House and Office Furniture PLC. In 2026 it opened branches in Addis Ababa, strengthening its presence in the Ethiopian market and bringing its products and services closer to more customers.

Today we design, manufacture and supply high-quality furniture, modern designs and complete interior solutions for residential and commercial spaces.
